SANIPEXGROUP

CARLYLE

A modern take on the flawlessly manicured bathrooms of the world's finest hotels, Carlyle embodies understated luxury with rich finishes, balanced proportions and refined detailing across mixers, showering, furniture, basins, bathtub, WCs, lighting and accessories to offer a complete bathroom solution.

Every aspect has been carefully designed to provide a five-star luxury experience, ensuring that each detail adds value and enhances the overall bathroom aesthetic, carrying distinctive design features throughout: from scalloped mixer edges and ornate octagonal mirrors to the Carlyle wall lighting by SANAUARA crafted from Spanish alabaster and brass.

Basin and shower mixers are available in a palette of five finishes: Chrome, Brushed Nickel, PVD Oyster, Soft Bronze and Anthracite, which all pair beautifully

with coordinating accessories. Furniture is available in Dark Oak with Soft Bronze integrated profile, Silver Oak with Oxide integrated profile or Matt White with Brushed Oro integrated profile, complemented by a choice of integrated white basins or stone-effect porcelain countertops.

Luxury is embedded in every detail of the Carlyle collection, the result of which is a look that is sophisticated and welcoming.

CARLYLE

CARLYLE

FONTEYN

A sophisticated new range defined by its graceful curves, sculptural forms and timeless elegance, the Fonteyn collection captures the fluidity and finesse of movement, echoing the refinement of mid-century modern design.

Designed to evoke the transitional design of the 1940s and 50s into the statement-led aesthetics of the 1960s, Fonteyn combines sculptural curved forms, luxurious finishes, and intricate detailing to deliver a complete bathroom collection. The range integrates every element of bathroom design into a cohesive and aspirational offering. Its mixers and accessories feature beautifully detailed craftsmanship, available in five distinctive brassware finishes, while the ceramics range includes statement basins, WC, and bidets in six versatile finishes. The furniture selection offers

curved vanities in three finishes (Urban Grey, Walnut and Mahogany), paired with mix-and-match stone-effect or terrazzo countertops, complemented by two BAGNOQUARTZ bathtubs in a classic Matt White. Elegant wall lights complete the mid-century aesthetic, ensuring every aspect of the bathroom is harmonised.

From intricate brassware craftsmanship to the sculptural forms of the ceramics, the Fonteyn collection delivers aspirational style and luxury detailing in a fully coordinated design narrative.

FONTEYNN

GINZA

The art of playful living. Channelling the dynamic energy of Tokyo's Ginza district, this collection captures the city's architectural innovation and creative spirit into a cohesive bathroom solution. Taking cues from Japanese boutique hotel interiors, Ginza leads with visual impact for spaces that feel effortlessly cool and expressive.

Mixers are minimal and geometric in a unique palette of finishes including Armour Lip Gloss, Armour Truffle, Brushed Nickel and Chrome with coordinating accessories and furniture hardware. Showering products, including an outdoor shower, enable seamless indoor and outdoor designs. Designed to pair with freestanding and countertop basins in orange, army green, beige or terrazzo, the collection enables distinctive designs where colour and form become the defining elements.

Natural Oak furniture and stone-effect countertops ground the composition with organic texture, while a compact bathtub in white or matt white evokes the relaxation of Japanese urban spa living. The range extends to 'Ginza Junior', a playful yet practical edit featuring Armour Baby Pink and Misty Grey mixers and shower products designed for children's bathrooms and compatible with HEWI accessories. Fun and functional, Ginza reimagines luxury bathrooms for bold, design-conscious living.

GINZA

GINZA

ISABEL

Isabel reinterprets the legacy of the master glassmakers of the Italian island of Murano, transforming artisanal tradition into a contemporary design statement for the bathroom.

A refined new basin and bath mixer range, Isabel is defined by its distinctive geometric glass handles. Designed to be admired, the collection takes inspiration from jewellery and fine perfume bottles. Its octagonal, faceted surfaces sparkle gently in the light, encapsulating the elegance and sophistication of a truly unique design. Coordinating with the wider BAGNODESIGN accessories portfolio, the collection is offered in four brassware finishes, each paired with a corresponding glass finish: Brushed Nickel Plata Silver, PVD Oyster

Oro Gold, PVD Gold Fumé and Soft Bronze Gris. Together, finish and form create a cohesive mixer range that celebrates craftsmanship, materiality and elegance in its highest form.

MADE IN THE EMIRATES

As the leading provider of custom precision cutting services in the UAE, we expertly produce unique solutions from a wide variety of tiles and slabs to your exact specifications. A bespoke finish from first cut to final install.

Many of our products are recognised with the 'Made in the Emirates' Mark. One-of-a-kind solutions tailored to your requirements, crafted by our in-house skilled artisans. With a high supply of luxury tiles and slabs readily available at our Jebel Ali warehouse, we guarantee a fast turnaround of custom solutions, from design selection to delivery.

WHAT WE OFFER

-  Bathroom Counters
-  Bespoke Kitchens (with Installation Services)
-  Cut-To-Size
-  Steps
-  Skirtings
-  Grooving on Tiles
-  Mosaics
-  Bespoke Designs

The various marbles used have been chosen for their strong concentration of fossils and as they are a purely natural product, there will always be the presence of different variations of veins, colours and shades, as well as micro-cracks and small holes. This gives each piece the characteristic of being truly unique.

Basins on this page do not have tap holes.

The various marbles used have been chosen for their strong concentration of fossils and as they are a purely natural product, there will always be the presence of different variations of veins, colours and shades, as well as micro-cracks and small holes. This gives each piece the characteristic of being truly unique.

TOUCHLESS MIXERS

Take a glimpse into the future of modern living with AQUAECO's new ECO-Powered Touchless Basin Mixer.

The innovative Eco Power sensor mixer uses a combination of AI power recovery technology and a Li-Mn battery to ensure over 100'000 operating cycles without the need for an external power source. This simplifies installation and makes it ideal for both renovation and new build requirements.

The intelligent sensor function ensures optimal water usage keeping bills low. Choose from 8 luxury finishes to suit your style.

Improve washroom efficiency with a centralised multifeed soap supply system built for high-traffic environments. By combining the Multifeed Soap Dispenser System Kit with our reliable AQUAECO dispensers, this solution maintains a steady soap supply while lowering maintenance demands, ensuring a smooth, hassle-free experience for both end users and facility teams.

Designed for Busy Public Washrooms

Built to perform reliably in high-traffic environments, ensuring soap is always available, even during peak hours.

Streamlined Soap Supply

A single concealed -5litre container can supply soap for up to three dispensers, reducing refill points and improving back-of-house efficiency.

Rapid Refilling System

The top-fill system allows quick, mess-free refills with minimal disruption to washroom operations, making it ideal for facilities requiring quick maintenance turnaround.

Lower Maintenance, Lower Costs

Fewer refills mean labor time is reduced, servicing is more efficient, and long-term operating costs are significantly reduced.

Installation Recommendations

- For best performance, ensure the silicone soap delivery tube is no longer than 2 metres; shorter tube runs are preferable.
- One 5-litre container can supply up to three dispensers.
- The 1-metre PVC pipe can be cut to suit countertop height, ensuring a neat, professional finish.

FLUSHING SOLUTIONS

- **More space:** Since concealed cisterns are built into the wall, they free up a considerable amount of bathroom space that would otherwise have been taken up by the cistern.
- **State-of-the-art technology and durability:** The range of concealed cisterns boasts high-tech working parts to ensure trouble-free operation.
- **Design freedom:** Homeowners and designers can pair their choice of actuator or flush plate and wall-hung or floor-standing toilet pan to perfectly complement their bathroom's particular style and design.
- **Easy to clean and hygienic:** Concealed cisterns and wall-hung WC pans provide the ideal easy-to-clean and optimum hygiene solution – no obstacles to clean around or cisterns to clean under.
- **Good for the environment:** All cisterns contain a dual-flush mechanism, helping to reduce running costs by saving water – using as little as two litres of water for a half flush.
- **Noise reduction:** Since the cistern is built into the wall, any noise created by the process of flushing is significantly reduced, making this an ideal solution for en-suite bathrooms. This is also a key in any hospitality requirement.
- **Strength:** All cistern frames are designed and built to support up to 400 kg in weight.
- **Warranty:** All cisterns come with an impressive 10 year warranty.

Concealed Cistern
 for **Wall Hung Shower WC**
 Front Operation
 Universal Frame 1120 mm
 Adjustable Dual Flush 6/3L and 4.5/3L
 Installation Depth 150-180 mm
 Tank Depth 120 mm
