

OUTDOOR LIVING CONTRACT 2026

SANIPEXGROUP

elevated **outdoors.**

outdoor living elevated

Design-led outdoor living solutions, crafted to transform residential, hospitality, or commercial spaces into luxurious, contemporary environments.

Imagine outdoor spaces that inspire, impress, and invite. From statement outdoor fire pits to designer seating and accessories, every element is selected and engineered for style, comfort, and lasting quality.

Led by **GYMKHANA**, the **SANIPEX GROUP's** signature outdoor living brand, and complemented by a curated portfolio of trusted international partners, this collection represents premium craftsmanship, innovation, and design excellence.

Durable, forward-thinking, and compliant with **MEA** and **UK** standards, our solutions are tailored for high-impact projects that demand both elegance and reliability.

With over **30 years** of global experience, the **SANIPEX GROUP** delivers outdoor environments that perform beautifully and endure. This brochure is your guide to creating exceptional, design-forward spaces—on time, on budget, and beyond expectations.

SANIPEXGROUP

bespoke solutions.

design to your specification

Many of the products featured in this brochure can be customised to suit your project requirements. At SANIPEX GROUP, customisation comes first. From slab fabrication for tabletops, planters and fire pit tables, to bespoke upholstery, tailored frame or rope finishes, and curated fabrics and finishes, we give designers the freedom to tailor every detail to their vision.

With access to a wide selection of tiles, outdoor fabrics, colours, textures, and in-house expertise, each element is crafted to meet exact aesthetic and performance requirements. This bespoke approach extends to our state-of-the-art Slab Fabrication Facility in Jebel Ali, Dubai, where we produce custom solutions from a full collection of stocked porcelain tiles and slabs. From elegant planters, tabletops and fire pit tables to complete landscape solutions including outdoor kitchens, seating, pools, tiles and cladding, we bring concepts to life with precision. With over AED 50 million worth of stock available and fully in-house manufacturing, we deliver tailored solutions efficiently — even to the tightest project timelines.

For more details, samples or to discuss possibilities, please contact our team directly.

pool side.

designed for water's edge

Where style, comfort, and performance meet poolside living.

From luxurious daybeds and cabanas to ergonomic sunbeds and in-pool loungers, our Pool Side collection transforms outdoor spaces into resort-style retreats. Built in teak, aluminium, rope, and weather-resistant fabrics, every piece is engineered for durability under the sun while radiating contemporary elegance. Umbrellas and side tables complete the experience, creating shaded sanctuaries and functional accents for both residential villas and hospitality projects.

Choose from an array of options to daydream and destress within your outdoor oasis.

outdoor lounge.

living rooms without walls

Comfort, conversation, and design—reimagined outdoors.

Transform open-air spaces into luxurious living rooms with our sofa sets, lounge chairs, and coffee or side tables. Modular, versatile, and crafted in durable materials, these pieces create zones for relaxation, connection, and entertainment. With plush quick-dry cushions, FSC-certified teak, and sleek aluminium frames, the collection delivers year-round comfort with the refinement of indoor living.

Discover customisable configurations that adapt seamlessly to both intimate corners and expansive terraces.

fire pits.

ignite the outdoors

Warmth, drama, and connection—redefined for modern living.

Our Fire Pit collection combines Planika and EcoSmart burner technology with Alpine Flame designs to create clean, smoke-free flames. Perfect for hospitality lounges, residential patios, and rooftop terraces, these fire features transform ordinary nights into extraordinary experiences. With customisable finishes, gas cylinder covers, and a range of burner systems, each piece is engineered for safety, performance, and unforgettable ambiance.

Explore a curated collection designed to set the mood—elegant, sustainable, and built to last.

sustainability & circular design.

for a better future

We believe in the importance of offering outdoor living furniture that not only elevates the spaces we live in but also honours our planet, and our people.

To do this, we implement a circular design approach to ensure our products are manufactured fairly and built to last, while minimising their environmental impact.

easy care for lasting quality

As our products are easy to clean and maintain - with our handy care guide to help you - you can keep your GYMKHANA products looking as good as new, for longer.

a smarter choice

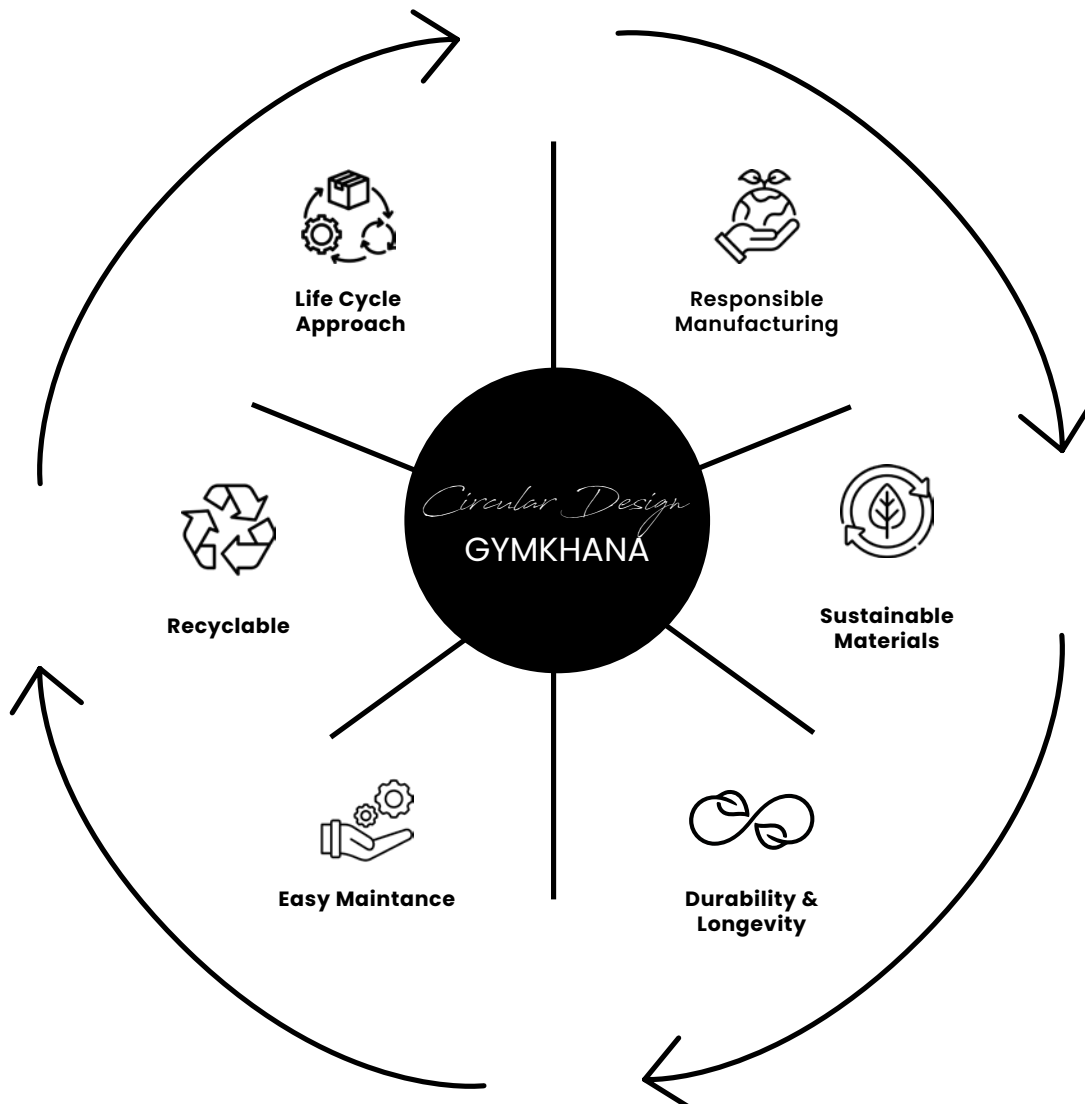

GYMKHANA furniture is designed to be durable with a longer lifespan to minimise its environmental footprint throughout the product lifecycle. For instance, the Beach House range uses recycled materials and select components that can be recycled again at the end of their lifecycle. Such as the Beach House terrazzo tabletops, made using recycled aggregates.

Many of the eco-friendly materials we use include FSC-certified teak and low-impact fabrics. Built to withstand even the harshest elements, our high-quality teak furniture is resistant to wear over time, which means it can be enjoyed for years to come.

fair working

Our commitments are reflected in our decision to collaborate with partners who are SMETA-certified (Sedex Members Ethical Trade Audit). This guarantees that our outdoor furniture is produced in environments which uphold fair working conditions and labour rights.

care & maintenance.

learn how to extend the life of your furniture

teak wood.

Thanks to its dense grain and natural oils, teak is built to endure harsh weather conditions, from rain and snow to scorching sun. It's also resistant to rot, decay, and insects that typically damage wood. Over time, teak develops a beautiful silverygrey patina, but with regular care and maintenance, its original golden hue can be preserved for years to come.

easy teak care tips:

Dust & Wipe: Keep your teak furniture clean by dusting regularly and wiping down with a soft, damp cloth.

Remove Stains: Wash away dirt and stains with mild soap or a specialized teak cleaner.

Avoid Harsh Chemicals: Steer clear of solvents, acids, or silicon-based products – they can harm your teak's finish. Furniture is placed at a sheltered position. As a general rule, teak surfaces should be cleaned and treated at least once a year.

Cover Up: When not in use, protect your furniture with a cover to shield it from the elements.

Protect & Preserve: Apply a teak protector and sealer yearly to keep the wood's rich colour intact.

what about stubborn oil stains?

Immediately Blot the Area: Gently blot or press the stained area with a clean, dry cloth to absorb as much oil as possible. Avoid rubbing, as this can spread the stain further.

Apply Teak Cleaner, Rinse & Dry: Following the same steps as standard teak care.

Lightly Sand Persistent Stains: Before applying teak protector, use a fine-grade sandpaper (220-grit or higher) to gently sand the stained area, always sanding in the direction of the wood grain.

6 steps to rejuvenate your teak:

Clean the Surface: Start by gently removing dust with a soft cloth to prepare the surface for treatment.

Dampen the Wood: Lightly moisten the teak with water and a sponge, ensuring the surface is damp but not soaking wet.

Apply Teak Cleanser: Use a soft cloth or sponge to apply teak cleaner or mild dish soap. Let it sit for 3 minutes to lift stains and dirt.

Rinse Thoroughly: Rinse the furniture well with water, then allow it to dry completely.

Apply Teak Protector: Once dry and dust-free, apply a thin layer of teak protector using a soft cloth to preserve and enhance the wood's natural beauty.

Apply Teak Sealer: Let the teak dry for at least 48 hours before exposing it to moisture or rain, ensuring the protector is fully absorbed.

Pro Tip: For extra protection, apply a teak sealant before exposing your furniture to the outdoors.

aluminium.

Strong, lightweight, versatile, and corrosion-resistant. Available in a wide range of finishes, including powder coating and anodizing.

Long-lasting Protection

Offers excellent durability due to the protective coatings. Powder coating provides a thick, coloured layer, while anodizing creates a hard, oxide surface. Both protect against corrosion and wear.

Low Maintenance

Generally requires minimal care to maintain appearance.

Cleaning & Care

Regular cleaning with mild soap and water is recommended. Avoid harsh chemicals and abrasive materials. For coastal areas, rinse with fresh water to remove salt deposits.

Additional Protection

Using coasters and felt pads can help prevent scratches and stains. Applying wax or specialized products can enhance the anodized finish.

maintenance

Clean regularly with mild soap and water.

Dry thoroughly to prevent water spots.

Avoid abrasive cleaners and scouring pads.

For coastal areas, rinse with fresh water to remove salt deposits.

100% solution-dyed acrylic fabric.

100% Solution-Dyed Acrylic Fabric is renowned for its exceptional durability and colourfastness. The colour is infused into the fibre during production, ensuring it resists fading, even in harsh outdoor conditions. This fabric is highly resistant to mildew, stains, and chlorine, making it ideal for outdoor use. Its strength, easy care, and long-lasting performance make it a top choice for furniture and other applications.

Long-lasting Protection

Color is embedded in the fibre, preventing fading and color loss over time.

Low Maintenance

Easy to clean and maintain, requiring minimal upkeep.

Cleaning & Care

Regular cleaning helps preserve the fabric's appearance and performance.

Avoid Harsh Chemicals

Using harsh cleaners can damage the fabric's fibers.

Additional Protection

Covering furniture when not in use can help extend the fabric's life.

maintenance

Many common stains can be tackled with a simple solution of soap and water by using a sponge.

Remove stubborn stains with a mix of a solution of 20% bleach and 80% water. Apply to the stain, scrub gently with a brush, and rinse thoroughly.

For sanitation purposes, a diluted bleach solution (3 tablespoons per liter of water) can be used. Pat dry with a clean cloth.

After cleaning or disinfecting, always rinse the area with clean water to remove any bleach residue.

Allow the fabric to dry completely at room temperature.

Cleaning

polypropylene fabric.

Lightweight, durable, water-resistant, and stain resistant. Offers good flexibility and chemical resistance.

Long-lasting Protection

Resistant to UV rays and various environmental factors.

Low Maintenance

Easy to clean and maintain, requiring minimal upkeep.

Cleaning & Care

Regular cleaning helps preserve the material's appearance and performance.

Avoid Harsh Chemicals

Using harsh cleaners can damage the material's finish.

Additional Protection

Covering items when not in use can help extend the material's life.

maintenance

Polypropylene fabrics are easily cleaned with water and soap, removing most stains like oil, grease, grass, etc.

For sanitation purposes, a diluted bleach solution (up to 10 ppm/liter) can be used. Pat dry with a clean cloth.

Excessive use of chlorine or other harsh chemicals may damage the material.

After cleaning or disinfecting, always rinse the area with clean water to remove any bleach residue.

Allow the fabric to dry completely at room temperature.

olefin fabric.

Olefin is a high-performance fabric engineered from synthetic fibres like polypropylene or polyethylene. Renowned for its exceptional resistance to water, mold, stains, sunlight, and chlorine, it offers outstanding durability and colourfastness. This combination of properties makes olefin an ideal choice for outdoor furniture and applications that demand low maintenance and long-lasting performance.

Long-lasting Protection

Resists fading, discoloration, and degradation from environmental factors.

Low Maintenance

Requires minimal care due to its inherent properties.

Cleaning & Care

Easy to clean and maintain, ensuring long-lasting appearance.

Avoid Harsh Chemicals

Using harsh cleaners can damage the fabric's finish.

Additional Protection

Covering furniture when not in use can extend the fabric's life.

maintenance

Many common stains can be tackled with a simple solution of soap and water by using a sponge.

Remove stubborn stains with a mix of a solution of 10% bleach and 90% water. Apply to the stain, scrub gently with a brush, and rinse thoroughly.

After cleaning, always rinse the area with clean water to remove any bleach residue.

Allow the fabric to dry completely at room temperature.

Cleaning

quick dry foam (polyurethane).

Quick Dry Foam is a lightweight, resilient foam material designed for outdoor use. It offers exceptional comfort and support while quickly drying to prevent mold and mildew growth. This foam is an ideal choice for outdoor furniture cushions due to its durability and low maintenance requirements.

Long-lasting Protection

Treated foam can resist moisture, UV damage, and mold.

Low Maintenance

Requires minimal care with proper protection.

Cleaning & Care

Regular cleaning helps maintain hygiene and appearance.

Avoid Harsh Chemicals

Using harsh cleaners can damage the foam's structure.

Additional Protection

Covering foam cushions when not in use can extend their life.

maintenance

Spot clean with a mild detergent solution and soft cloth.

Rinse thoroughly with clean water.

Air dry completely, avoiding direct sunlight.

Avoid excessive moisture and prolonged exposure to sunlight.

polyether foam.

Polyether Foam is a soft, comfortable foam material that provides excellent cushioning. It is commonly used in a variety of applications due to its affordability and versatility.

Long-lasting Protection

Treated foam can resist moisture and UV damage to some extent.

Low Maintenance

Requires minimal care with proper protection.

Cleaning & Care

Regular cleaning helps maintain hygiene and appearance.

Avoid Harsh Chemicals

Using harsh cleaners can damage the foam's structure.

Additional Protection

Covering foam cushions when not in use can extend their life.

maintenance

Spot clean with a mild detergent solution and soft cloth.

Rinse thoroughly with clean water.

Air dry completely, avoiding direct sunlight.

Avoid excessive moisture and prolonged exposure to sunlight.

texteline.

A high-performance fabric composed of PVC-coated polyester yarns. Known for its exceptional durability, resistance to stretching, cracking, mold, mildew, and UV degradation. Offers excellent comfort and support, making it ideal for outdoor furniture.

Long-lasting Protection

The PVC coating safeguards the polyester fibers, ensuring the material's longevity and performance.

Low Maintenance

Requires minimal upkeep for optimal condition.

Cleaning & Care

Regular cleaning helps maintain appearance and prevents dirt buildup.

Avoid Harsh Chemicals

Using harsh substances can damage the material's finish.

Additional Protection

Covering furniture when not in use can extend the material's life.

maintenance

Spot clean by brushing off dirt or spraying with a hose.

Deep clean with warm, soapy water and a soft bristle brush.

Avoid abrasive cleaners.

Rinse thoroughly and dry with a soft cloth.

polypropylene rope.

Renowned for their exceptional strength, durability, and resistance to various elements. Made from synthetic fibres, they are lightweight, buoyant, and exhibit excellent resistance to rot, mildew, and most chemicals. These ropes are commonly used in marine applications, agriculture, construction, and outdoor recreational activities due to their versatility and performance.

Long-lasting Protection

Resistant to UV rays, weathering, and most chemicals.

Low Maintenance

Easy to clean and maintain, requiring minimal upkeep.

Cleaning & Care

Regular cleaning helps preserve the material's appearance and performance.

Avoid Harsh Chemicals

Using harsh abrasives can scratch the material's surface.

Additional Protection

Covering items when not in use can help extend the material's life.

maintenance

Use a soft bristle brush to remove any dirt or debris.

Spot clean with a mild detergent solution and soft cloth.

Rinse thoroughly with clean water and a lowered pressured hose.

Avoid harsh chemicals and fabric softeners.

polyester rope.

Polyester ropes offer excellent resistance to abrasion and stretch, making them suitable for various applications. Polyester ropes are often used in marine environments, climbing, and general-purpose applications.

Long-lasting Protection

Resistant to fading, mildew, and abrasion.

Low Maintenance

Easy to clean and maintain, requiring minimal upkeep.

Cleaning & Care

Regular cleaning helps preserve the fabric's appearance and performance.

Avoid Harsh Chemicals

Using harsh cleaners can damage the fabric's fibres.

Additional Protection

Covering furniture when not in use can help extend the fabric's life.

maintenance

Use a soft bristle brush to remove any dirt or debris.

Spot clean with a mild detergent solution and soft cloth.

Rinse thoroughly with clean water and a lowered pressured hose.

Avoid harsh chemicals and fabric softeners.

polyethylene.

Lightweight, durable, water-resistant, and chemically resistant. Offers good flexibility and impact resistance.

Long-lasting Protection

Resistant to various environmental factors and chemicals.

Low Maintenance

Easy to clean and maintain, requiring minimal upkeep.

Cleaning & Care

Regular cleaning helps preserve the material's appearance and performance.

Avoid Harsh Chemicals

Using harsh cleaners can damage the material's finish.

Additional Protection

Covering items when not in use can help extend the material's life.

maintenance

Spot clean with a mild detergent solution and soft cloth. A water pressure jet can also be used (do not aim too close).

Rinse thoroughly with clean water.

For stubborn stains, a sponge is recommended. Wash always in the same direction.

For grease stains, use a cloth with dissolvent, rinse thoroughly.

travertine.

Travertine is a natural stone renowned for its elegant and porous appearance. Formed from limestone deposited by mineral springs, it brings a timeless, earthy aesthetic to interior and exterior spaces. To maintain its beauty and longevity, proper sealing is essential to protect against stains and moisture.

Long-lasting Protection

Regular sealing can help protect against stains and damage.

Low Maintenance

Requires consistent care to maintain its appearance.

Cleaning & Care

Frequent cleaning is essential to remove dirt and prevent buildup.

Avoid Harsh Chemicals

Using harsh substances can damage the stone's finish.

Additional Protection

Using coasters and trivets can help prevent stains and scratches.

maintenance

Regularly brush off loose dirt and dust.

Clean with a mild soap solution and soft cloth.

Rinse thoroughly and dry immediately to prevent water spots.

Use coasters to protect the surface.

Clean up spills promptly.

Avoid abrasive or acid-based cleaners.

Clean furniture regularly, especially in saltwater environments.

Avoid letting water pool on the surface.

porcelain.

Porcelain is a durable material known for its strength, resistance to weathering, and elegant appearance. It is a popular choice for both indoor and outdoor applications.

Long-lasting Protection

Inherent durability protects against environmental factors.

Low Maintenance

Requires minimal care due to its resistance to wear and tear.

Cleaning & Care

Regular cleaning helps maintain appearance and hygiene.

Avoid Harsh Chemicals

Using harsh substances can damage the porcelain's finish.

Additional Protection

Using coasters and trivets can help prevent scratches.

maintenance

Clean with mild soap and water.

Rinse thoroughly and dry immediately.

Avoid abrasive cleaners.
